Delta Zeta Chapter Met Jan. 11th

Delta Zeta chapter of Beta Sigma Phi sorority met Wednesday, January 11th at the home of the chapter's president, Mrs. Bobby Stanley. Successful ways and means projects completed during the month of December were reviewed. Service projects for January will include visiting the many newcomers to the area in conjunction with Delta Zeta's "Hi Neighbor!" project. Merchants of Appomattox provide coupons for merchandise, services, or discounts which Delta Zeta members present to new residents of the community. By redeeming these coupons newcomers become more familiar with the area and the truly fine shopping facilities of their small town. Such a service not only aids the new members of the community but also encourages them to shop within the area, thus helping local merchants as well.

Other chapter business included finalizing plans for the annual Valentine Ball. Each member was given tickets to sell for the dance which will be held February 9th. The members will not serve a large buffet dinner at the dance this year. There will be a table of hors d'oeuvres and snacks instead. These refreshments and setups as well as ice will all be included in the price of a ticket. Guests of past years and members of Beta Sigma Phi are invited to attend although no formal invitations will be issued. Any member of the chapter may be contacted for tickets. No tickets will be sold at the door.

At the close of the meeting a program on literature was presented by Mrs. Ray Noble and Mrs. Jerry George. Each member discussed which piece of literature had had the most profound effect on her life and what new literary items were on her list to read in the near future.

Forest Fire Losses At All Time Low

The forest fire losses in the South Piedmont District of the Virginia Division of Forestry reached an all time low last year.

Foresters of the Division, completing their year end loss statistics say that this is the best record this area, and Virginia has ever experienced.

While rainfall averages for the area were up 10 to 12 inches, some areas experienced dry periods for several weeks duration, throughout the year.

Eighty-one escaped fires burned 170 forest acres in the eleven county District. Ninety-two additional acres of non-forested openland was burned.

Maynard Stoddard, the District Assistant District Forester for Forest Fire Control, said that carelessness accounted for most of the fires that did burn. He urged an increase in public awareness and caution during the coming year.

Amelia County had 4 fires with 2 acres burned. Amherst county 12 fires and 15 acres burned; Appomattox county 1 fire burning 1 acre; Bedford county 6 fires and 17 acres; Buckingham 7 fires and 31 acres; Campbell county 10 fires and 12 acres; Charlotte County 7 fires and 7 acres; Cumberland county 6 fires burning 12 acres; Lunenburg county 5 fires, 15 acres; Nottoway county 12 fires and 47 acres; and Prince Edward county had 11 fires and 11 acres.

Stoddard, commenting on the fire occurrence, noted that care in burning brush, trash and other debris, as well as caution while smoking in or near the forests will reduce the fire loss even more. He urged that this caution be practiced by all who use Virginia's forests.
